

### REMARKS

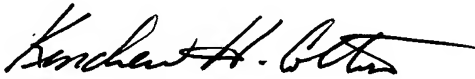

Applicants' Preliminary Amendment introduces the cross-reference to the parent co-pending PCT application, amends claims to avoid improper multiple dependencies and to remove double recitations ("preferably..."). Amended claim 1 includes "fluid" as that was inserted previously in the PCT stage.

The concurrently filed IPER reports the claims are novel, unobvious and have utility.

Applicants respectfully request favorable action on the merits.

Respectfully submitted,

FITCH, EVEN, TABIN & FLANNERY
